According to a preliminary analysis, sales, earnings and bookings of DATA MODUL AG increased in the third quarter of 2022, compared to the results achieved in the same period of the previous year.

Group-wide EBIT in the third quarter of the fiscal year 2022 amounted to EUR 9.8 million, marking a rise of approx. 216% in comparison to the same period of the previous year (EUR 3.1 million). Sales in the third quarter of 2022 increased by approx. 66% to EUR 76.0 million in comparison to EUR 45.8 million in the third quarter of the fiscal year 2021. Bookings increased by approx. 68% to EUR 85.5 million in comparison to EUR 51.1 million for the same period of the previous year.

The company will publish the definitive results for the third quarter of the fiscal year 2022 on November 4, 2022.

Due to the unexpectedly strong third quarter of 2022, DATA MODUL AG re-raises the forecast for sales, EBIT, and bookings for the full fiscal year 2022.

DATA MODUL AG now expects an increase in sales by +25 to +40% for the fiscal year 2022 compared to EUR 194.8 million in the fiscal year 2021 (hitherto forecasted: +10 to +25%). Moreover, the company expects an increase in EBIT by +85 to +110% for the current fiscal year compared to the previous year's figure of EUR 12.7 million (hitherto forecasted: +10 to +35%). The annual forecast for bookings is now expected to raise by +20 to +30% compared to the previous year's figure of EUR 233.8 million (hitherto forecasted: +5 to +15%).
