According to preliminary analysis, sales and earnings of DATA MODUL AG increased in the first quarter of 2023, compared to the results achieved in the same period of the previous year. The main reason for this is the easing of the supply chain bottlenecks on the procurement side.

The group EBIT in the first quarter of the fiscal year 2023 amounted to EUR 4.8 million, marking a rise of approx. 14% in comparison to the same period of the previous year (EUR 4.2 million). Group sales increased by approx. 14% to EUR 72.4 million in the first quarter of 2023 in comparison to EUR 63.3 million in the first quarter of the fiscal year 2022. Bookings increased by approx. 23% to EUR 84.7 million in comparison to EUR 68.6 million for the same period of the previous year.

The Company will publish the definitive results for the first quarter of the fiscal year 2023 on May 9, 2023.
