According to a preliminary analysis, the earnings of DATA MODUL AG declined in the second quarter of the fiscal year 2025, compared to the results achieved in the same period of the previous year. The reasons for this are the ongoing overall strained market situation, continued fierce competition from Asia, and significant currency losses.

However, group sales increased by approx. 5.5% to EUR 53.8 million in the second quarter of 2025 in comparison to EUR 51.0 million in the second quarter of the fiscal year 2024.
